

**BIOSOLUTIONS
INTERNATIONAL
EVENT 2022**

4-5-6 MAY 2022

RIMINI - EXPO CENTRE - ITALY

TOGETHER WITH

MACFRUT 2022

From Wednesday 4 to Friday 6 May 2022,
the **2022 edition of Macfrut**
will be held in Rimini, in the heart
of one of Europe's most productive
fruit and vegetable-growing areas,
it is one of the leading
international trade fairs in the industry,
a **B2B event** for professionals
and opinion leaders from more than 90 countries.

Once again, this year **Macfrut** will host the

**BIOSOLUTIONS
INTERNATIONAL EVENT**

Biosolutions Exhibition

An entire high-visibility area in the South Hall,
the key area of the event, dedicated to Biosolutions
(biocontrol, biostimulants and nutrition)
with exclusive proposals for exhibitors in this sector.

Award for the most innovative Biosolutions

ONLY FOR SPONSORING EXHIBITORS

The most innovative Biosolutions
will be awarded during Macfrut
at a dedicated event with high media coverage

TOGETHER WITH

MACFRUT 2022

Technical Tables

ONLY FOR SPONSORING EXHIBITORS

90-minute meetings with technical field experts

on 10 of the main crops that use **Biosolutions** and **Seeds**.

Each table will include 3-4 speakers,
representing more than 70% of the areas,
who will provide an overview of the main emerging issues
linked to the most productive areas in Italy,
deriving from necessities due to:
protection, nutrition, market, climate changes and **seeds**.

The Tables will be set up in an exclusive **VIP ROOM**
at the Biosolutions Exhibition and one representative
from each exhibiting and sponsoring company may participate.

Technicians will give brief presentations, after which the meetings,
which will be held privately, will be conducted as a round table,
during which all the companies' representatives will join in.
